Professional Summary

Dedicated Front-End Developer with over a year of experience specializing in Angular.js. Proficient in creating dynamic, responsive, and user-centric web applications using Angular.js, HTML, CSS, and JavaScript. Adept at collaborating with back-end developers and designers to deliver seamless user interfaces that meet client specifications and exceed user expectations. Committed to writing clean, efficient code and staying updated with the latest industry trends and technologies.

Professional Experience

Front-End Developer

webTech

12/2023 – 04/2024

- Develop dynamic and responsive user interfaces for web applications using Angular.js and other front-end technologies.
- Collaborate with back-end developers and designers to translate mockups and wireframes into functional user interfaces that meet client specifications.
- Implement front-end architecture and design patterns to ensure scalability, maintainability, and performance of web applications.
- Write clean, efficient, and well-documented code, adhering to coding standards and best practices.
- Conduct thorough testing and debugging of front-end components to ensure cross-browser compatibility and overall functionality.
- Optimize web applications for maximum speed and scalability, leveraging Angular.js features and performance optimization techniques.
- Stay updated on industry trends and emerging technologies in front-end development, continuously enhancing skills and knowledge.

- Communicate effectively with team members and clients to understand project requirements, provide status updates, and solicit feedback.

Front-End Developer

webTech

03/2023 – 10/2023

- Developed user-friendly and responsive web interfaces using Angular.js, HTML, CSS, and JavaScript.
 - Collaborated with designers and back-end developers to convert designs and wireframes into high-quality code.
 - Implemented best practices for front-end development, ensuring code quality and maintainability.
 - Performed debugging and testing to ensure seamless user experiences across various browsers and devices.
 - Optimized web applications for performance and scalability, employing modern front-end tools and techniques.
 - Maintained up-to-date knowledge of industry trends and technologies to drive innovation and improve development processes.
-

Education

Bachelor of Science in Computer Science

University of Rwanda

04/2021 – present

Advanced level certificate/ high school A2 in MCE

Geogle fox college

04/2016 – 11/2029

Skills

- **Front-End Technologies:** Angular.js, HTML, CSS, JavaScript, TypeScript
- **Frameworks/Libraries:** Angular, Bootstrap, jQuery
- **Build Tools:** Webpack, Gulp, Grunt
- **Version Control:** Git, GitHub, Bitbucket
- **APIs:** RESTful APIs
- **Design Principles:** Responsive Design, Mobile-First Development

- **Other:** Cross-Browser Compatibility, Performance Optimization, Testing and Debugging, UX/UI Design
-

Hobbies

- Reading story
 - riding bike as sport
-

Projects

Responsive Web Application

Ikibina project

- Developed a fully responsive web application using Angular.js, ensuring seamless user experience across devices.
- Collaborated with back-end developers to integrate RESTful APIs.
- Implemented performance optimization techniques to enhance application speed and scalability.

E-Commerce Platform

HouseF Project

- Led the front-end development of an e-commerce platform using Angular.js.
 - Worked with designers to create intuitive and visually appealing user interfaces.
 - Ensured cross-browser compatibility and mobile responsiveness.
-
